Dear Homeowner,

AT&T contractors are out in full force digging up our lawns in the quest to install fiber optic cable in our community.

The contractors assured us that they will place doorknob hangers onto houses affected by their installation. There will be a phone number on the hanger that can be used to lodge complaints about damage done to your lawns, damage to your sprinklers, damage to your landscaping, etc.

Please know this installation came as a surprise to us. We were not notified of this installation beforehand.

Best Regards,

Bill Bryan
